**Operator's
Manual**

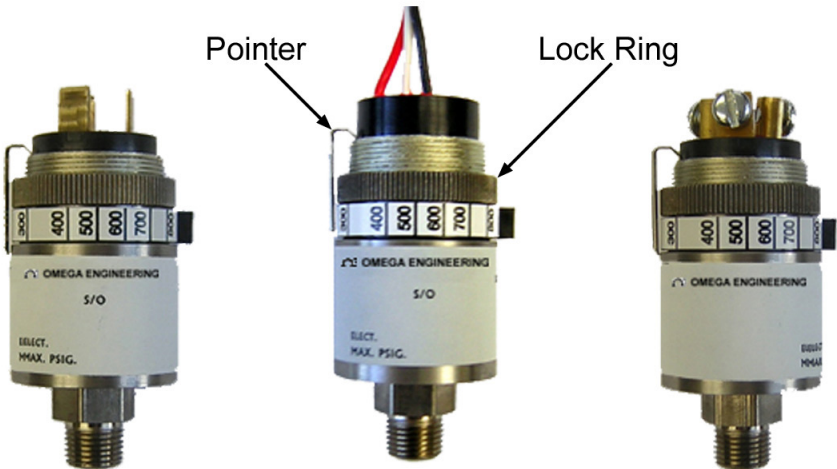

Set Point Adjustment:

Loosen the lock ring.

Turn interface either left or right until pointer is at the desired pressure or vacuum on range label.

Retighten the lock ring.

Verify adjustment by applying pressure or vacuum.

Shown with:

1/4" QC Connectors

Wires

Screw Terminals

Electrical Wiring:

Wires are supplied in 12" lengths as standard.

Wires are 20 AWG PVC insulated.

Color Code in Gage: Black = Common, Red = N.C., White = N.O.

Color Code in Vacuum: Black = Common, Red = N.O., White = N.C.

For 1/4" QC and Screw Terminals, N C and N O are molded into plastic for pressure and used in reverse if used in vacuum.
