

# EMI Protection Hardware with Nickel-Zinc Ferrite Cores

## Cable Clamps for Standard and Miniature Connectors

PCLM Series

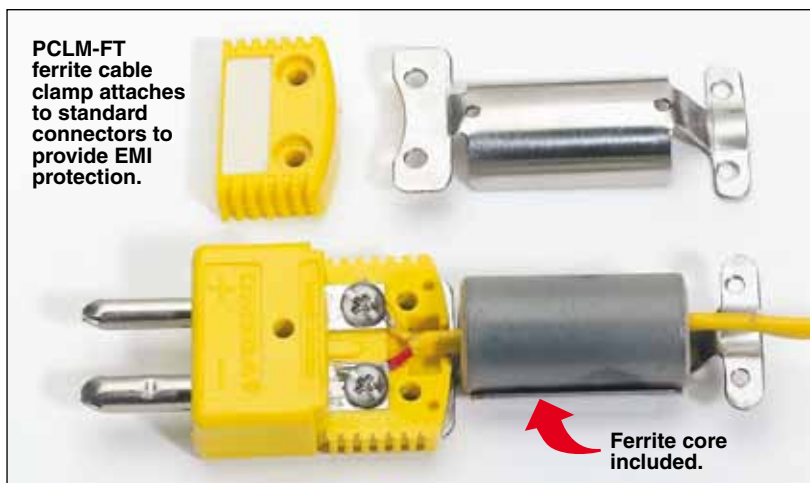

PCLM-FT ferrite core and cable clamp, standard size.

PCLM-SMP-FT ferrite core and cable clamp, miniature size.

**PATENTED**

Both models shown larger than actual size.

PCLM-FT ferrite cable clamp attaches to standard connectors to provide EMI protection.

Ferrite core included.

✔ **Helps Reduce EMI/RFI Noise in Measurement Circuit**

### Ferrite Cable Clamp

To Order					
Model No.	Compatible Connectors by Type	Maximum Wire Gage for Duplex Wire	Impedance ( $\Omega$ ) @ $\pm 20\%$		Description
			@25 Mhz	@100 Mhz	
<b>PCLM-FT</b> (for standard connectors)	OST, OSTW, HST, HSTW, OGP, HGST, OTP	14 AWG	120	225	Ferrite cable clamp, standard size.
<b>PCLM-SMP-FT</b> (for miniature connectors)	SMP, SMPW, GMP, HGMP, HMP, HMPW, MTP	22 AWG	105	155	Ferrite cable clamp, miniature size.
<b>PCLM-SMP-RSC-FT</b> (for miniature connectors)	SMP, SMPW, GMP, HGMP, HMP, HMPW, MTP	22 AWG	105	155	Ferrite cable clamp, miniature size use with RSC cable.

Ordering Example: PCLM-SMP-FT, ferrite cable clamp for subminiature connector.
