Omega Link Cloud How to Add New Users, Assign Devices, and Group Devices

Note: Users will only see the devices that are connected to their registered Gateways, not the Gateway itself.

Adding Users

To add users to your Omega Link Cloud account follow these steps:

Step 1

On the Omega Link Cloud homepage, click on the **SYSTEM** tab, and click on **Users**. Enter the email address of the user you want to add.

Step 2

Click the dropdown next to the email address text box and select the level of access the new user will have: **Can Change** or **Can View**.

Step 3

Click the sicon to add the user. The email address of the new user will appear on the **Existing Users** table.
