

Layer N Cloud

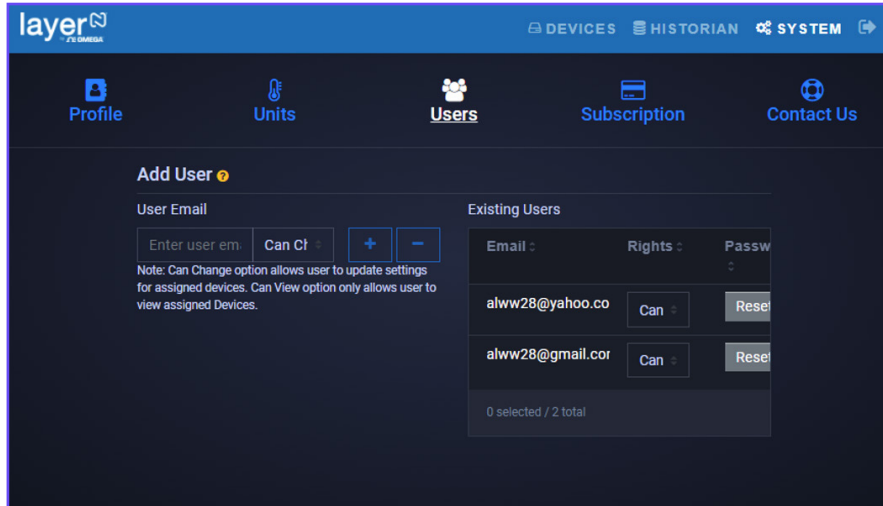

How to Add New Users, Assign Devices, and Group Devices

Note: Users will only see the devices that are connected to their registered Gateways, not the Gateway itself.

Adding Users

To add users to your Layer N Cloud account follow these steps:

Step 1: On the Layer N Cloud homepage, click on the **SYSTEM** tab, and click on **Users**. Enter the email address of the user you want to add.

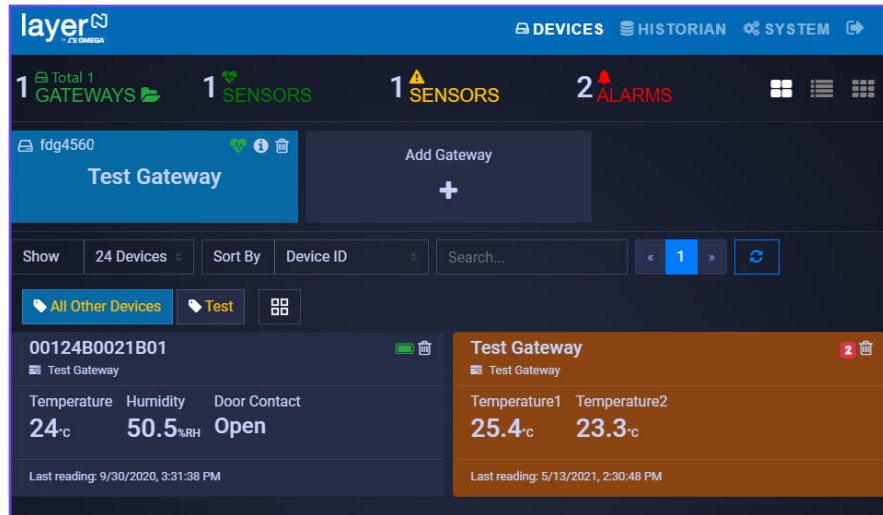

Step 2: Click the dropdown next to the email address text box and select the level of access the new user will have: **Can Change** or **Can View**.

Step 3: Click the  icon to add the user. The email address of the new user will appear on the **Existing Users** table.

Step 4: Once the previous steps are complete, the new user will receive an email prompting them to register a Layer N Cloud account. If no email is received within 10 minutes, the email may be in the user's spam folder.

Creating a Device Group and Adding Devices

To create a Group and add sensing devices, follow these instructions:

Step 1: On the Layer N Cloud homepage, click on the  icon.

Creating a Device Group and Adding Devices (continued)

Management

Groups Gateway Alarms

New Group

Please enter a new group name:

Nest group under:

Step 2: Click **Groups**, then click **Add Group** and create a name for your group. Click **Create** to finalize.

Note: Ignore **Nest group under:**.

Manage Device Groups
